

# Put your data in the driver's seat with HCHB Analytics

With HCHB Analytics, it's easy to stay on top of the critical metrics that drive your agency's business. Leverage customizable out-of-the-box dashboards, build your own reports and perform ad-hoc analysis. HCHB Analytics provides you the tools you need to understand the metrics that drive your success.

## Smart data drives growth and profits

With the shift towards outcomes-based reimbursement, you need a firm grip on a wide range of critical data to make smart decisions. HCHB makes it easy to leverage your operational, clinical and financial data to inform just about every aspect of your business, including:

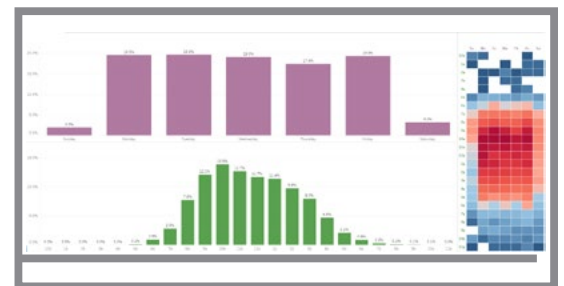

- Enhanced productivity
- Orders management
- Regulatory monitoring
- Re-hospitalization rates
- Referral source tracking
- Quality outcomes

## Customized reports – right at your fingertips

From corporate staff to branch office, you'll enjoy web-based and mobile access to your data, with an appropriate level of detail for each user. Your Certified Builders will love our Analytics Editor tool (powered by Tableau) to build custom dashboards for your organization that dive deep into the metrics and offer key insights and areas for improvement.

## Peak performance for exceptional patient care

In an ever-changing regulatory landscape, homecare is more complex and challenging than ever. Keep your finger on the pulse of your agency with the data you need to make smarter decisions, boost productivity, and ensure your long-term success.
